FOOD PAIRING	Suitable with every kind of meal, especially grilled meats.
BEST SERVED AT	20 – 22°C
	<p>The most representative and typical of all Piedmontese wines. It pairs beautifully with just about every dish, enriching and enhancing them with its own flavor. Also good as a drink on its own. At its best when consumed young and crisp, it's a wine produced with full respect for the grape's uniqueness and authenticity. Our Barbera del Monferrato is an esteemed and highly valued wine.</p>
